

13: Composite Cables

Hydrobond Engineering Ltd is pleased to offer a full range of composite cables from our sister company Hydrocable Systems Ltd.

FEATURES

Cables types stocked and offered include the following:

- Power Cables Underwater
- High Voltage Cables
- Composite Underwater Communication Cable
- Underwater TV and Video Cables
- Strain Bearing Cables
- Composite Optical / Electrical Cables
- Tethers
- Umbilicals
- Neutrally Buoyant, Positively Buoyant or Negatively Buoyant Cables and Tethers
- Polyurethane or Polyethylene jacketed cables
- Specialist Design Service

By utilising our stocked cable we are able to manufacture complete cable harnesses at very short notice and are also able to supply short lengths to customers for system trials and system design proofing.
