

Winches

Principal uses

Kley France designs, manufactures and installs all kind of winch :

- storage winch,
- abandon & recovery winch,
- drum winch,
- traction winch,
- etc...

Above winches are designed for :

- pipe-lay and derrick barges,
- special hoisting and lowering applications,
- large line pull,
- etc...

The traction winch is supplied with storage drum for spooling the required length of wire rope.

A&R winch - 70T - 45m/mn speed
